Gelati Baby Blanket

Brighten up a nursery with this 8ply easy knit from Biggan Wools

YARN

- Biggan DK 8ply Merino First Cross wool
- 3 balls Coral red MC
- 2 balls Yellow CC1
- 2 balls Gentle Green CC2
- 2 balls Saffron CC3
- 2 balls Lime CC4

NEEDLES AND TOOLS

- 3.5 mm knitting needles or
- Circular needle size 3.5mm 80cm
- 4mm knitting needles or
- Circular needle size 4mm 80cm

MEASUREMENTS

Size: Approx. 85cm x 110cm

TENSION

22 sts by 29 rows st.st to 10 cm

GETTING STARTED

Moss St: K1, P1, rep from * until last st, K1. Rep this row, so K st goes over P st and P st goes over K st.

Design note: I find it easier to work baby blanket back and forth on a circ needle as the blanket grows it

will rest on my lap and not have to be held up by arm and shoulder.

WORKING PATTERN

With MC cast on 181 sts on size 3.5 mm needles

Work 20 rows moss.st.

Change to size 4mm and stocking st, except for 11 first and 11 last sts on row, which remain in moss.st throughout work.

Knit until yarn is finished or almost finished, always start new colour on RS.

Design note: When changing colours knit first st with both colours to get a less noticeable joint between the colours. Then work in new colour only.

Change to CC1, *K2 rows, work stocking st until yarn is finished. Rep from * with CC2, CC3, CC4.

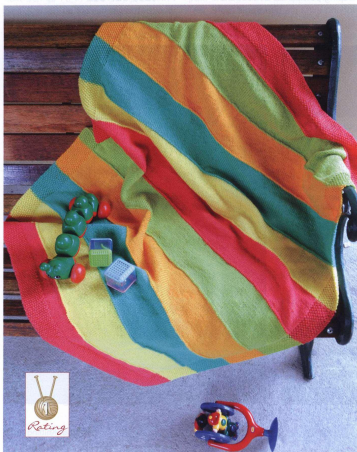

Rep this striping once more from MC through to CC4 (10 stripes in all)

Change to MC, K2 rows and work as many rows stocking st as in beg of blanket. Change to size 3.5mm needles work 20 rows moss st. Cast off.

MAKING UP

Fasten off all loose ends. Make sure to fasten ends on the back of blanket, invisibly inside the moss.st, not on the edges of blanket as this will show up and give a clumsy looking finish to sides.

Novelty Wool And Yarn

"Of all the passions of mankind, the love of novelty most rules the mind."

Knitters know that there are as many different kinds of yarn as there are types of knitters. While some yarns are simple, other yarns are meant to make a statement and excite our passion.

One of the newest trends in the world of knitting is 'novelty yarns' and it seems they are more than just a trend, but are here to stay. So if you prefer a departure from traditional knitting yarns, then read on...

Novelty yarn is a fun wool type for experienced and beginning knitters alike. Local yarn shops, as well as online outlets, carry a large variety of novelty yarn to make any project unique and memorable.

Generally speaking, novelty yarns are produced by combining, or twisting, a strand or two of fine yarn, with something that will add more texture, colour or volume to create a whole new yarn with a great deal more personality. Novelty yarns are also sometimes called 'complex' yarns as they are produced by combining several yarns and are usually not smooth and uniform in the same way that standard yarn types are.

Some of the novelty yarns have a very furry or faux fur appearance that makes them especially appealing for small garments such as scarves, hats, beanies and berets, as they can make larger items appear too bulky.

Novelty yarns are sometimes made from unusual fibre types, such as this Avril bamboo tape from Dairling, www.dairling.com.au.

It is usually a good idea to knit a swatch before starting, as with this Avril Glore from Dairing, www.dairing.com.au.

Eyelash yarns provide strong visual effects, available from www.morrisandsons.com.au.

Many different types of yarn can be classified as 'novelty' but generally speaking they can be classified as bouclé yarn, eyelash yarn, ladder yarn, self-stripping yarn, and ribbon yarn.

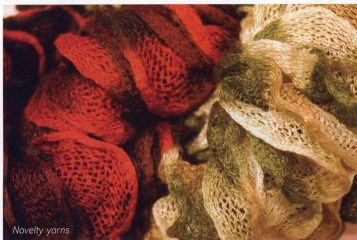

Bouclé, or looped, yarn looks more fluffy than most regular yarn and it features a second strand of yarn with a different width that is sometimes given a different tension so that there is a distinct 'bumpiness' or loop effect that can appear extra fluffy. These yarns can be made of any type of fibre and knitters must exercise a little more care as the extra strand may become snagged on the needles or crochet hook.

With Eyelash yarn, an 'eyelash' effect is sometimes achieved when the central ply or base is made from polyester, and then surrounded by small 'hairs' and these fibres are extremely fine giving the effect of eyelashes. This yarn differs from 'fur' type yarn because it contains spaces between the 'hairs' whereas, fur yarns have evenly spaced threads covering the entire base yarn. These yarns are not only cosy to wear, but also provide a very visual appeal. Because the eyelashes can be curly, metallic, of even length or uneven length or texture they can be used to great

TIPS

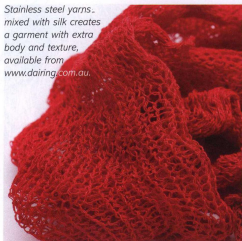

- Using novelty yarns you can really explore your creativity and create garments that are brimming with colour, texture and style. However, you will need to consider the special properties of the yarn type you have chosen. With these tips and tricks will ensure your success.
- Choose a design that has a simple shape and standard stitches like garter stitch or stockinette stitch because novelty yarn has more texture and bulk than traditional yarns. And with novelty yarns you are unlikely to see intricate stitches once it is knitted.
- Knit a swatch to get a feel for how the yarn behaves and how the fabric looks.
- Make adjustments to the needle size if needed. If you want a looser fabric, use a bigger needle.
- Some novelty yarns split easily. In this case, choose a needle with a blunt tip.

TIPS

◀ Continued ...

- One other consideration is the needle material – if you find that the yarn is slippery, choose a needle with more grip like bamboo, or if the yarn sticks try a metal needle.
- Cast on loosely for your project. Because some novelty yarns do not have a lot of give, use a stretchy cast on like the long-tail method.
- Knit slowly to avoid errors. Novelty yarn is harder to rip out than traditional yarn when you make a mistake. If you do need to rip back, just go slowly.
- Cast off using a loose tension or try a needle a few sizes larger.
- Because novelty yarn hides the stitches and usually has no elasticity, it is not a good choice for a first knitting project.
- Novelty yarns with a high percentage of acrylic fibre are not flame retardant, so use care when choosing a novelty yarn for infant or children's clothing.

effect as a trimming or as a dominant feature on a plainer garment.

Ladder yarn is a novelty yarn that resembles a ladder as there are two thin threads supporting interlocking stripes of material, somewhat like a 'railroad track'. Ladder yarn is often metallic, and is rarely used alone to make up the bulk of the garment, but instead, used as trim or in conjunction with a plainer yarn.

Self-striping yarn has a sequence of colours that create stripes when the yarn is knitted in continuous rows. This type of yarn is often popular for sock knitting as the stripes can give some wonderful effects to otherwise simple items, and can also be used for knitting garments like jumpers or items knitted completely in the round.

Ribbon yarn is a type of novelty yarn that appears very much like ribbon,

but has a little more give or stretch. The size of the ribbon can be fine, narrow, wide or chunky and the ribbon structure provides a different texture as there are facets within the knitting and it often produces a more open knitted effect than traditional knitting that makes it ideal for summer garments. It can be made from synthetic or natural fibers, such as silk or cotton.

Knitting with ribbon yarn can be a challenge if you're a perfectionist and prefer your finished work to be even. This yarn particularly loves to spin and twist during the knitting process – so you will need to be vigilant to keep the work uniform.

Tubular yarns are a variation on ribbon yarn and these often come in a larger scale than regular yarn types. One of the advantages of tubular yarn

Tubular yarns, like Avril alpaca wool tube, can be used to insert beads into the fabric. Available from www.dairing.com.au

is that there can be a generous feel to the yarn, or at other times the tube can be used to hold decorate items within the structure, for example, a bead or other feature.

Chenille yarns are one of the softest yarns. Originally, this yarn was produced by cutting a chenille fabric into strips but it is now more commonly made by trimming a secondary fibre that is woven into a core yarn and this creates the fuzzy effect.

Metallic yarns are often created by mixing a metallic fibre with another, generally softer, yarn and these tend to offer a very distinct knitted effect as there is little or no drape in the finished item. These are not to be confused with actual wire used in jewelry that is sometimes knitted, woven or crocheted.

Crepe yarns may be classified as fancy yarns and are created by tightening the twist given to a yarn, resulting in a kinked or looped strand. ■

Rizos Scarf

This new and exciting yarn is so simple to use.

YARN

- 1 ball Katia Rizos

NEEDLES AND TOOLS

- 5mm knitting needles

MEASUREMENTS

Size: 120cm approximately

TENSION

As set by wool

GETTING STARTED

Editor's Note: I recently purchased a ball of this yarn and taught a complete new knitter how to knit in a couple of minutes with this wool, there is no tension issues, the loops (holes) in the edge of the yarn dictate the place the wrap is made, with all stitches being knitted (garter st) and a scarf has only a short row. Try it you will love it. PS my new knitter is now hooked.

WORKING PATTERN

Cast on 8 sts by threading needle through loops on edge of yarn. 1 st in each 2nd hole.
Work in Garter St. only (knit every row)

Note: when turning from one row to the next, insert needle in 1st hole instead of the 2nd hole.

When the ball is almost finished, cast off all sts in the usual way.
With the last stitch pull yarn through to make a secure end.

Option: using a 3rd needle pick up the first row of sts cast on and graft start and finish rows to form a complete loop scarf.

Weekend Beret

A beret in a hand dyed 8ply knit.

YARN

- 1 ball 100g Hand Dyed 8 ply DK Merino Wool in Wild Plum or Kingfisher

NEEDLES AND TOOLS

- 5mm circular needle 40cm
- 5mm double pointed needles
- marker
- wool sewing needle

MEASUREMENTS

To fit head 52, 56 cm

TENSION

10 stitches to 5 cm

GETTING STARTED

If you wish to have a tighter band use 4.5mm – 40cm circular needle in band section.

WORKING PATTERN

With circular needle, cast on 72 (80) stitches. Join in the round and place marker being careful not to twist the stitches.

Work 6 rows in stocking stitch
Work 8 rows, K1, P1 until band measures 5 cm.

Increase Rounds

Knit 2, increase 1, repeat 35 times,

total stitches 108 (120)

Next Row: Knit

Knit 6, increase 1, repeat 17 times, total stitches 126 (140)

Continue in Stocking Stitch for 15cm (15.5cm)

Top Decrease Rounds

Round 1: K12, K2tog, repeat 8 (9) times 117 (130) sts

Round 2 and alt rows: Knit.

Round 3: K11, K2tog to end 108 (120) sts

Continue to decrease 9 (10) stitches in every other round as above.

Change to dpns when 54 (60) sts on needle, and continue decreasing until there are 18 (20) sts

Next round: K2tog, 9 (10) sts.

Next round: K2tog x 4, k1 (K2tog x 5), 5 sts remaining.

FINISHING

I-cord top option: continue to decrease round by K2tog, until you have 3 sts remaining for an i-cord. Using 2 of the double pointed needles and knitting in rounds the 3 remain stitches until the cord is about 3-4 cm. Cast off. Leave a thread long enough to pull through the centre inside of the i-cord. Sew in any loose threads.

Plain Option: Break off yarn leaving enough to pull through remaining stitches by drawing stitches together and sew in yarn.

MAKING UP

Beret Shaping

Beret may be given a rinse in luke warm water, and blocked flat. Or, pressed lightly with a damp cloth.
